

SECTION 1606. AGRICULTURAL USES

- A. **Authorization.** Certain agricultural uses, due to their intensity and potential impact on surrounding uses and the environment, require additional consideration.

- B. **Uses:**
 - 1. Livestock Auction Yards.
 - 2. High Intensity Livestock Operations.

- C. **Site Location Principles:**
 - 1. Designed and constructed so that no livestock waste is carried into any roadway ditch, drainage area, or sanitary lagoon disposal system; and,
 - 2. Designed and constructed so as not to be in violation of applicable federal, state or local sanitation and environmental control laws, rules, and regulations.

- D. **Development Requirements:**
 - 1. Manure shall be removed or disposed of in one of the following manners:
 - a. Spraying or spreading on land in the zoning district followed by an approved method of incorporation.
 - b. Grinding or dehydrating in properly designed dehydrators.
 - c. Stockpiling in a compost plant in an isolated area in such a manner so as to not create a water pollution problem.
 - 2. **Insect and Rodent Control:**
 - a. Removal of manure and disposal as outlined above.

- b. Use of chemical sprays and poisons in accordance with procedures and recommendations of a biologist experienced in insect and rodent control.

3. **Drainage:**

- a. All ground surfaces within pens shall be so graded and compacted to insure positive drainage.
- b. Surface runoff shall be so controlled so that no appreciable amount of soil or manure is carried into any roadway ditch or off site drainage area where it will deposit and form sludge bands where flies and mosquitoes can breed or create water pollution.
